## ABOUT US

**SINCER Logistics** Limited Company was established in 2010, headquartered in Mersin. While it continues to grow with its structure that adopts the understanding of quality service in the sector, it has expanded its service network with offices in Istanbul and Ashgabat. Our company aimed to provide the best service with its offices in three different locations, well-trained and experienced personnel, wide agency network and strong organizational structure.

**SINCER Logistics** has increased its Air and Sea Transportation investments in addition to the Land Transportation service it has provided to customers for many years. Our company was entitled to receive the TIO Impact Certificate (Transportation Organization Agency) in 2021. In parallel with the economic development of our country in recent years, Project Transportation has gained importance in our service areas. Aiming to be a solution partner in all transportations of its customers, **SINCER Logistics** established the Project Department in 2019 in order to meet the increasing Project Transportation demands.

**SINCER Logistics** will continue to invest in the future as well as in the past in line with changing customer demands and will continue to exist as a strong player in the transportation sector.
