INDUSTRIAL PROJECTS AND CHARTERING

INDUSTRIAL PROJECTS AND CHARTERING

INDUSTRIAL PROJECTS AND CHARTERING

For more than 10 years, we have been providing you with special logistics solutions for your door-to-door industrial project transports! While the project is carrying cargo and heavy cargo, we offer you the following services;

- Land, air, sea and combined transportation solutions for all types of project loads globally
- Rental of all types of commercial vessels, pontoons and river type vessels with our brokers
- Rental of all types of sliding and lifting equipment with crawler/mobile cranes on a global basis
- Organization of safety elements suitable for load securing operations and transportation type
- Packaging and packaging services
- Preparation of engineering services, road studies and investigation reports
- Preparation of technical reports such as risk analysis, logistics planning, transportation drawings, transportation simulations
- Field operations controlled by our experts, overseeing the transportation services
- Logistics process management for industrial projects
